# Beyond – Song Lyrics

## 3. By Your Side

Tears in your eyes  
Hidden thoughts hidden pain  
Through the darkness of the night  
I am here by your side  
Tears in your eyes  
Silence that speaks louder than words  
Louder than thunder and rain.

*I am here by your side  
Reaching out to ease the pain you're feeling  
Tears in my eyes  
searching to find  
Words that express how I feel  
By your side*

Here by your side  
Holding you close here in my arms  
In the darkness I am here  
Knowing your pain knowing your fear.  
Here by your side  
Wishing that I could take your place  
Longing to change what you face.

*I am here by your side  
Reaching out to ease the pain you're feeling  
Tears in my eyes  
searching to find  
Words that express how I feel  
By your side*
