
Beyond – Song Lyrics

1. I Believe

1. I believe there is a mountain
Beyond the distant shore
I believe there is an answer
Somewhere in it all
I believe there is a sunrise
There will be a dawn
I believe there is a mountain
Solid and secure

There's a path that leads
Closer to the sunrise
Where the bracken leaves
Whisper in the wind
There's a mountain stream
Flowing in the distance
One day that path will leave
This rain and mist behind

2. I believe there is a river
Beyond the distant shore
I believe there is a reason
Behind the rain that falls
I believe there will be sunshine
After every storm
I believe there is a river
Crystal clear and pure

There is a mountain
Strong and sure
Beside that river
Clear and pure
Sunlight will come once more
I believe in the mountain

3. I believe there is a mountain
Beyond the distant shore
I believe there is a sunrise
There will be a dawn
