
Beyond – Song Lyrics

12. Rain on the Water

1. Seeking sunshine,
Through the raindrops
Seeking sunrise,
Veiled in darkness
Rain is falling,
Falling on the waters
Causing ripples that
Disturb the calm of life.

*Rain is falling on the river
Bringing water, bringing life
'Til that river flows with power –
Power to shift the rocks from sight
Turning the darkness into light.*

2. Light is dawning,
Through the shadows
Rainbows forming,
Tinged with sadness.
Rain is falling,
Falling on the waters,
Pale reflections
Melt in ripples, lost from sight.

*Rain is falling on the river
Bringing water, bringing life
'Til that river flows with power –
Power to shift the rocks from sight
Turning the darkness into light.*

Sunlight
Will shine upon that river
Moonlight
Is hidden by the dawn
No rain
Can keep the clouds forever
There is sunlight
Playing on the ripples
As they form

*Rain is falling on the river
Bringing water, bringing life
'Til that river flows with power –
Power to shift the rocks from sight
Turning the darkness into light.*
