
Beyond – Song Lyrics

8. Sometimes

1. Sometimes I need to find
A place where I can go
Somewhere I can run to
Somewhere on my own
Sometimes I need to find
The place where I belong
Need to find
The strength to carry on

*Sometimes I need
to make that journey
Take a walk beside
that mountain stream
Where sunlight shines
Upon the water to reveal
Understated beauty
Secrets seldom seen
A flower grows
Where love has been.*

2. Sometimes I wonder
Why the world just carries on
Never stops to question
Where that love has gone
Somewhere along the way
A secret was revealed
Only to be trampled and concealed

3. Sometimes I walk beside
That tiny mountain stream
Searching for an answer
Lost within the dream
Somehow I sense that love
Is shining with the sun
Love remains
When all the dreams are gone
Yes love remains
When all my dreams have gone
