

1. Cool and refreshing
A stream in the desert.
Flowing right into
Your heart.
Reaching the depths
Of the pain and the sorrow.
Love of God.
Waters of healing and
Rivers of cleansing
Flow into the soul.
Jesus Your love is
Transforming us,
Molding and forming us,
Making us whole

*River of God, flowing out
from Your throne.
Waters of healing and mercy.
Let Your love consume*

*Every part of our lives
Let Your river flow Jesus.*

2. Perfect and holy
We stand in Your presence.
Cleansed by the
River of God.
Free from our sins
We are cleansed
and forgiven,
By Your cross.
Though undeserving,
Your love, like a river
Flows even to me.
Jesus, Your love is
Transforming us,
Molding and forming us
Setting us free.

*River of God, flowing out
from Your throne.
Waters of healing and mercy.
Let Your love consume
Every part of our lives
Let Your river flow Jesus.*
