1. Simply to worship
To stay by Your side.
Close in Your presence
In You I would hide.
Here in Your loving arms
My heart can find true peace.
Captured by freedom
Like a restless bird released.

*Kneeling by Your side
Reaching out in worship
All I want to know is You, Jesus.*

2. All my desires
The things I would do,
Fade like the flowers
Are gone like the dew.
Only within Your will
Can striving know release.
Anger and sorrow
Give way to perfect peace.
